Dear Mr. & Mrs. Clarke :

How are your people these days ?

How about Charles Jr. especially ?

Mrs. Weston sent me Schenck's

Grange clipping which reported on

your honor at A.I.E. &

New "Shibaura Engineering Works" was

born last year from the Tokyo Shibaura

Electric Company (which was built from

Shibaura & Tokyo Electric). I was

appointed as the general superintendent

of the new company, and am spending

very busy days all the time.

I lost my mother this year. She

was sick for long time and died at 72

years old. The funeral ceremony was

rather large scale and many lay men

attended the ceremony.

Hoping this card will find you all
in very good condition, I remain,

With all good wishes

for

A Merry Christmas

and

A Happy New Year

Dear Sir:

Your Xmas Greeting and a interesting letter inclosed came to my hand and I read it with a great pleasure. It was almost miracle that you are 79 and in good health.

The pictures accompanied revealed to me that Daniel is in a splendid manhood. They are fine photos. Our family are all well and happy. Mr. Kazooka now the head of Design Section of Shibaura Works. Our family spend every summer a zushi where Mr Kazooka and Mrs K. with two boys and a girl. Though out year we meet quite often.

Zushi is on sea and about 40 miles from Tokyo.

All sorts of Dema flies in Japan and U.S.A; it is indeed deplorable. We, the indeligent class, think rather differently from some of our men.

There are many ways that all the human beings can live in peace on this globe. Why should we always have to quarrel. It is the duty, I think, we the class that blessed by seeing the world have to strive to lead men toward right direction.

I have inclosed a picture or two of our family. I trust this find all of you are well.

Yours Sincerely,
S. Tanabe

P.S. I thank you for the information upon Mrs
L. T. Robinson.
